

LAKES REGION CONSERVATION TRUST

GAME CAMERA PERMISSION FORM - 2024

Thank you for your inquiry regarding placing game cameras on Lakes Region Conservation Trust (LRCT) property.

Effective January 1, 2024, there are a few changes to existing NH RSA 207: General Provisions as to Fish and Game, which gives private landowners more control over the placement of game cameras (NH RSA 207:63) and tree stands/blinds (NH RSA 207:36-a) on their property.

- The placement of game cameras requires written or verbal permission from the landowner.
- Permission expires on December 31 of each year unless permission is revoked or extended.
- Game cameras must be labeled with the name and contact information of the owner in a way that is visible when the camera is mounted.
- Game cameras do not require permission on state-owned or state managed lands or municipally owned property.

Please complete this form and return to Phil Croteau (pcroteau@lrct.org) via email or at LRCT Headquarters between the hours of 9 A.M. and 4 P.M., Monday through Friday. Please include a map file indicating the game camera location. We're always interested in receiving photos captured on game cameras, so feel free to send some over!
